

Aloha,

Hawai'i Health & Harm Reduction Center invites you to join us for the 2025 Hawai'i State Harm Reduction Conference on Friday, January 10th, at the University of Hawai'i at Mānoa from 8:30 am to 4:30 pm.

Our previous conferences have been incredibly successful, including the sold-out event in 2019, with over 400 attendees, and a robust virtual conference in 2021. This year, we are preparing for another impactful gathering, focusing on "Rainbow Resilience"—celebrating the strength, unity, and resilience of our local Māhū, QTPI, LGBTQIA+, and Transgender communities and addressing critical issues like access to healthcare, mental health, and harm reduction for marginalized groups.

We are offering your business a unique opportunity to become a sponsor and play a key role in this important work while gaining considerable visibility in front of a diverse audience.

The 2025 Hawai'i State Harm Reduction Conference will gather public health professionals, policymakers, advocates, and community members to inspire action and collaboration. This is your chance to be a part of meaningful, life-changing work that will positively impact thousands of lives. We invite you to review the attached sponsorship guide for more details and consider joining us in this endeavor.

Please do not hesitate to reach out to me at [aogata@hhrc.org](mailto:aogata@hhrc.org) or at 808.521.2437 with any questions, or you are welcome to complete sponsorship here. We look forward to your partnership in making this conference a success and in creating a brighter, healthier future for all.

Mahalo,

A handwritten signature in red ink, appearing to read 'Andrew Ogata', is positioned above the printed name.

The 2025 Hawai'i State Harm Reduction Conference is themed "Rainbow Resilience." The event will explore how we can reduce harms and amplify resilience for our local Māhū, QTPI, LGBTQIA+, and Transgender communities. Sessions will unpack the complexities faced by individuals and communities as they push for social change, especially at the intersection of health, wellness, advocacy, empowerment, and resilience.

INTERESTED IN BECOMING A SPONSOR?
